

# BOAT TRIPS

from the Melbourne Arm of the Pocklington Canal

Join members of the canal society for a trip aboard **New Horizons** and discover more about the attractive Pocklington Canal. The canal is nearly 200 years old, with four historic road bridges and nine locks. It is one of the best canals in Britain for diversity of wildlife.

**Short trips** (about 30 mins) run on most Sundays and Bank Holidays from the start of April to the end of

October. **No booking is required.** We start at noon and the last trip is around 4.15 pm. We do not charge for short trips but welcome donations to cover running costs and maintenance of the boat and support the work of PCAS. Children are very welcome but must be accompanied by an adult and supervised.

**Longer trips** (daytime and evening) on the canal are available for groups of up to 12 passengers, but these must be booked. Please book well in advance.

Special trips for individuals and small groups are also available. Please phone or see the website for details.
